

The CLS-Class.

Coupé.

Mercedes-Benz

Charismatic practicality.

The new CLS 400 AMG Dynamic.

It took lateral thinking by the engineers at Mercedes-Benz to come up with the idea of a coupé with four doors and comfortable rear seats. A design icon which is only surpassed by this new CLS generation. With the 7G-TRONIC PLUS automatic transmission for even greater efficiency and dynamics. The revolutionized MULTIBEAM LED light system sets new standards in terms of both design and function.

A detailed view of the interior of a Mercedes-Benz CLS 400 AMG Dynamic. The image shows the front passenger seat and the driver's side. The seats are upholstered in dark leather with a perforated pattern on the backrests and red stitching. The dashboard and center console feature wood trim and silver-chrome accents. A large infotainment screen is visible on the right side of the dashboard. The overall atmosphere is one of luxury and high-end craftsmanship.

Endlessly fascinating.

There's no shame in yielding to temptation as strong as the interior design of the CLS 400 AMG Dynamic, thanks to the new 20.3 cm display, select materials and first-class workmanship. The successful blend of high-quality wood, fine leather and an elegant silver-chrome trim in the CLS 400 AMG Dynamic will never cease to fascinate you. In fact, not getting in would be unforgivable.
