

The E-Class.

Mercedes-Benz

First thing Monday until last thing Sunday.

Always shows its best side. Whichever way you look at it.

Design is all about good taste, clarity and comfort. The newly interpreted exterior makes the new E-Class Edition E appear even more powerful and emotionally appealing. The car reflects an impressive effect with its pronounced aesthetics and palpable ergonomics.

E 200 Avantgarde Edition E

Particular attention has been given to the headlamps, which are now in one-piece design with daytime running lamps feature, and to the front bumper, which has an expressive ring wing design and air inlets with black diamond mesh. Additionally, it is equipped with 2-louvres radiator grille and (17 inch) 5-twin-spoke light-alloy wheels with 245/45 tires. Visually it shows a wide rear bumper with insert in matte black and the visible twinpipe exhaust system. Now also available in a special version of Edition E, the E 200 Avantgarde is a truly head-turner with its stunning sporty attributes.

E 250 CDI Elegance

A dynamic forward thrust. The contour lines rise towards the rear and are accentuated by a feature line in the rear area. The long wheelbase and short overhangs ensure typical saloon proportions. Further it is equipped with a radiator grille in metallic silver with 3 chromed louvres and (17 inch) multi-spoke light-alloy wheels with 245/45 tires. A non-visible exhaust system and chrome trip strips on the sides, and the front and rear bumper emphasize the harmonious elegance.

E 250 Avantgarde Edition E

The Avantgarde line is distinguished by particularly sporty features such as the softnose and the new 2-louvre grille with a central star. The Avantgarde line has a more distinctive and aggressive feel, clearly defined by the Exterior Sports Package that consists of larger perforated front brake discs and brake calipers with “Mercedes-Benz” lettering. The rectangular tailpipe trims are integrated in the rear bumper, and it comes with (18 inch) 5-twin-spoke light-alloy wheels with 245/40 tires.

E 400 AMG Edition E

The E 400 AMG Edition E comes in a more youthful and sporty design, with a restyled front, panoramic sunroof, sport suspension and new four-eyes design headlamps. The AMG bodystyling is distinguished by particularly sporty features with large air intake bumper and a 2-louvre radiator grille with a central star. Further it comes with (19 inch) AMG multi-spoke light-alloy wheels in high-shine finish with 245/40 tires.

***Important Note:

The E 250 CDI is equipped with a Euro 4 Diesel technology engine that needs a good quality diesel fuel with the following requirements:

- Diesel fuel with low sulfur content (<500ppm)
- High Cetane Index (>48)

Currently only Pertamina Dex can fulfill Mercedes-Benz Euro 4 Diesel Engine requirements. Therefore we would like to request our valued customers to use Pertamina Dex only for this model until further notice.

Any damage resulting from the usage of incorrect diesel fuel will effect to void any warranty coverage on the power train.

Always shows its best side. Whichever way you look at it.

The E-Class Estate redefines size, showing a flair for sophisticated movement before you're even seated behind the steering wheel. For a truly dynamic appeal the exterior features a contoured side section with bold character lines, both in E 250 Estate AVANTGARDE and E 400 Estate AMG.

E 250 Estate Avantgarde

Flaunting AVANTGARDE style exterior that oozes endless athleticism, this vehicle comes with dazzling 18-inch 5-twin-spoke light-alloy wheels with 245/40 tyres. Open your eyes through a new perspective with electric sliding sunroof. Aluminium-look roof rails top off the mesmerizing image of this captivating vehicle.

E 400 Estate AMG

Unleash your individual personality to a center stage with the AMG bodystyling. The 18-inch AMG 5-twin spoke light-alloy wheels with 245/40 (front) and 265/35 (rear) tyres will catch the eyes of others when you take this vehicle for a spin. As the panoramic electric sliding sunroof gives you another view to the world, the roof rails with Aluminium-look enhance the exterior appearance.

ISP - Integrated Service Package.

Your peace of mind.

To make your driving more enjoyable, your Mercedes-Benz comes with an ISP as a standard. The ISP means free service maintenance and repairs for the first 3 years without mileage limitations, from the first registration date (Date of New Vehicle Delivery Certificate) of your Mercedes-Benz. Thus you can always continue your journey without delay and the rest becomes our task to serve you. This comprehensive service package comes with every new Mercedes-Benz passenger car as a standard.

The ISP entitles you to:

- Manufacturer's warranty, service, maintenance and repairs of your Mercedes-Benz at no cost (subject to certain conditions).
- You will enjoy carefree driving and there are no unpredictable service costs.
- High and uniform service quality from authorized Mercedes-Benz Service Centers.

Your Mercedes-Benz will be kept in an excellent condition because the authorized Mercedes-Benz Service Centers carry out regular service and maintenance, as well as repairs, with original Mercedes-Benz spareparts, by specially trained and certified technicians.

Every Mercedes-Benz car which was purchased through an authorized dealership, will also be equipped with the Mercedes-Benz Service Card as identification. The Mercedes-Benz Service Card will be used as validation of your car, and will also state the validity period of your ISP. Please bring along your Mercedes-Benz Service Card when you want to have your Mercedes-Benz serviced.

Visit our authorized Mercedes-Benz Service Centers at any time convenient to you. Our highly trained and dedicated team, complete tools and sophisticated diagnostic equipment are ready to serve you and your Mercedes-Benz.
