

The GL-Class.

Mercedes-Benz

A blue Mercedes-Benz GL-Class SUV is shown from the front quarter view, parked on a wet, reflective surface. In the background, there is a modern, dark-colored building with large windows and a tall, thin, dark structure. The sky is overcast and grey.

A leading figure.

Whose movement across any terrain is exemplary.

GL 400 Exclusive.

An even more dynamic vehicle character with enhanced individuality is available in every strong curve of GL-Class. It offers exterior differentiation, which is discernable at first glance with Solid/Metallic paintwork, Aluminium running board with rubber studs and trapezoid twin pipe exhaust system. Roof rails in Aluminium look endow the vehicle with enchanting visual flair and help you enjoy breathtaking views under the electric sliding sunroof. A real feast for the eyes comes in the forms of the high-sheen 20-inch 10-spoke light-alloy wheel and tail pipe trim. Everything resembles a bold exterior that perfects this irresistible look.

True greatness is in the details.

Every kilometre in the GL-Class is an unforgettable experience, encompassing a wealth of carefully composed impressions. The asphalt over which you glide plays only a minor role as a gentle whisper while you travel through the landscape with wood-leather steering wheel. The fine materials of Eucalyptus wood trim in the interior and the superb workmanship of instrument panel covered with ARTICO leather indulge your appreciation of the special things in life.
