

ISP - Integrated Service Package.

Your peace of mind.

To make your driving more enjoyable, your Mercedes-Benz comes with an ISP as a standard. The ISP means free service maintenance and repairs for the first 3 years without mileage limitations, from the first registration date (Date of New Vehicle Delivery Certificate) of your Mercedes-Benz. Thus you can always continue your journey without delay and the rest becomes our task to serve you. This comprehensive service package comes with every new Mercedes-Benz passenger car as a standard.

The ISP entitles you to:

- Manufacturer's warranty, service, maintenance and repairs of your Mercedes-Benz at no cost (subject to certain conditions).
- You will enjoy carefree driving and there are no unpredictable service costs.
- High and uniform service quality from authorized Mercedes-Benz Service Centers.

Your Mercedes-Benz will be kept in an excellent condition because the authorized Mercedes-Benz Service Centers carry out regular service and maintenance, as well as repairs, with original Mercedes-Benz spareparts, by specially trained and certified technicians.

Every Mercedes-Benz car which was purchased through an authorized dealership, will also be equipped with the Mercedes-Benz Service Card as identification. The Mercedes-Benz Service Card will be used as validation of your car, and will also state the validity period of your ISP. Please bring along your Mercedes-Benz Service Card when you want to have your Mercedes-Benz serviced.

Visit our authorized Mercedes-Benz Service Centers at any time convenient to you. Our highly trained and dedicated team, complete tools and sophisticated diagnostic equipment are ready to serve you and your Mercedes-Benz.

The S-Class.

Mercedes-Benz

Vision accomplished. The new S-Class.

Roll up those sleeves and get into the job to be done – while sitting in the lap of luxury. The new S-Class brings together the worlds of work and leisure at a hitherto undreamed-of level. The choice of materials, the degree of perfection and exclusivity in the interior surpass expectations for a vehicle of its class. You will see it, sense it and experience it for yourself: the new S-Class shows the way ahead.

The quickest route
between two points on your agenda.

“The office awaits” – a promise with a pleasant undertone. For even when it comes to the matter of work the new S-Class is an oasis. With air of a purity reminiscent of the coast or forested mountain slopes. Pollutants have to stay outside; ionisation enriches the air in the interior of the luxury saloon. You inhale freedom. Even if you currently find yourself between a handful of skyscrapers and two important appointments.

The first star.
Shining in the morning light too.

The sun lifts the veil of mist from the road, the contours of the new S-Class stand out in sharp relief. The upright radiator grille topped by the unmistakeable star herald the new dawn. A new day is breaking – and with it, a new era of mobility.

S 400 L EXCLUSIVE

The striking exterior design combines stylish serenity with sporty elegance. Featuring the exclusive radiator grille with four louvres and 10-spoke light-alloy wheels painted in vanadium silver, with 245/50 R 18 tyres. The twin-pipe exhaust system with rectangular tailpipes integrated into the rear bumper enhance the exterior look.

S 500 L

Excellence, expressively showcased and impressively delivered: from the elegant radiator grille design and multi-spoke light-alloy wheels with 245/40 R 20 tyres (front) and 275/35 (rear), the stylish appearance is rounded off with the trapezoid twin-pipe exhaust system in the rear and it's panoramic sliding sunroof.

Nowadays revolutions are driven from the executive seat.

When can a moment not be surpassed? Or a car? Intense light showcases the immaculate trim. Richly contrasting materials blend to form harmonious surfaces. Exclusive design sparkles with optimum functionality and a predilection for detail. Your glance sweeps through the generous space and your hands rest for a few seconds on the timelessly classic leather of the seats. Before you alight, sure in the knowledge that the perfect day is simply a question of the right vehicle.

Integral Safety Concept.

As the inventor of the motor car we feel a special responsibility for road safety. That's why we became the first car manufacturer to develop an integral safety concept that seamlessly combines active and passive safety measures to provide comprehensive protection. Our unique PRE-SAFE® system is triggered in response to danger and activates anticipatory measures to protect the occupants.
